Re: Petition with Verification of South Bay at Mount Pleasant, LLC for Exception to Regulation 103-327(A) - Docket No. 2020-152-E

Dear Ms. Boyd:

On June 15, 2020, South Bay at Mount Pleasant, LLC ("South Bay") filed a Petition with Verification for Exception to Regulation 103-327(A) (the "Petition") with the Public Service Commission of South Carolina (the "Commission") in the above-referenced docket. The Petition requests that the Commission except South Bay from certain of the Commission's metering requirements. On July 8, 2020, the Commission granted Dominion Energy South Carolina, Inc.'s ("DESC") Petition to Intervene.¹

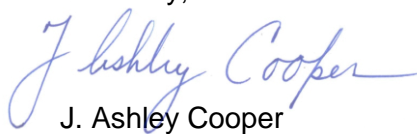

On August 7, 2020, the Commission issued its Utilities Agenda for the week of August 10, 2020, which stated that the Commission Staff would present the Petition to the Commission for consideration on August 12, 2020.² However, DESC and South Bay are currently engaged in good-faith settlement discussions related to the Petition. As such, both parties respectfully request that the Commission carry-over its consideration of this matter so that DESC and South Bay can continue settlement discussions in hopes of reaching a resolution prior to the Commission's consideration of the Petition. In the event that the Commission denies this joint request, each party re-affirms the arguments set forth in the pleadings filed in this docket.

Thank you for your consideration of this joint request, and please do not hesitate to contact me if you have any questions.

¹ DESC filed a Response opposing the Petition on July 24, 2020. South Bay filed a Reply to the same on July 31, 2020.

² See Utilities Agenda Item No. 13.

Sincerely,

J. Ashley Cooper

Acknowledged and Agreed:
